## MISSION

To develop and represent the interests of electro-technical wholesalers and distributors in Europe.

## VISION

To be the voice of the electrical wholesaling national associations in Europe, striving to achieve together peoples' well-being through electricity.

## VALUES

The values of the EUEW are centered on ensuring continuous development and professionalism through open dialogue, permanent support and integrity.

● A comprehensive analysis of regulations for a clear strategic agenda for the EUEW

● A screening of external service providers for stronger capabilities related to statistics, legislation and lobbying

● A system for regular monitoring and reporting that improves quality and precision of statistics, trends and industry & business outlooks

● A platform for communication and knowledge-sharing such as position and opinion papers, conventions, innovation tours, workshops and cooperation

● Strong partnerships & networks with peer organizations and key stakeholders who could support EUEW's strategic agenda
